heavy duty lift-off rising hinges, highness 146mm
stainless steel 304/A2/1.4301 satin polished
wall part:
solid casting, widthness 27mm, totally offset 44mm
with white nylon rising mechanism, rising 10mm
(simple mechanism rotation for LH/RH door)
with 3 countersunk screwholes (6mm/M6)
door part:
solid casting, with pin stainless steel 304 $\varnothing 6,3$ mm
with 3 adjustable screwholes (6mm/M6) with ribs
with loose rib plate stainless steel 304
with fixed stainless steel solid casting top
with profile cover stainless steel 304 satin polished

automatical falling/selfclosing from 60° to 0°
automatical holding at 120°
maximum opening hook 180°
for door thickness 41-60mm
in boxes of 2 Pcs.

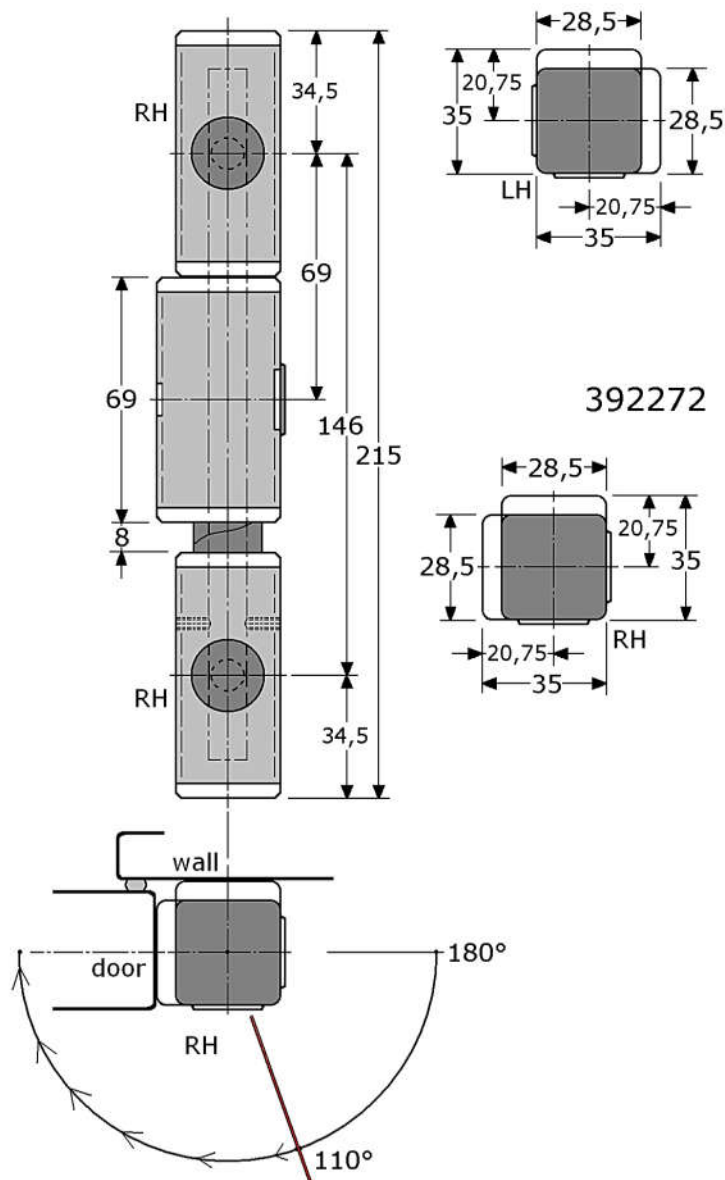

392271

heavy duty lift-off rising hinges, highness 215mm
stainless steel 304/A2/1.4301 satin polished
for heavy duty offset doors, totally offset 35mm
for left hand (LH)
out of 3 pieces profile stainless steel 28,5x35mm
with each 1 hole for screw M10 or hexagon screw M8
all parts designed with black plastic
with black nylon rising mechanism, rising 8mm
with locked up pin stainless steel 304/A2 $\varnothing 9$ mm
automatical falling/selfclosing from 110° to 0°
maximum opening hook 180°
minimum door thickness 35mm
maximum door weight 80 Kg (2 hinges)
in boxes of 2 Pcs.

392272

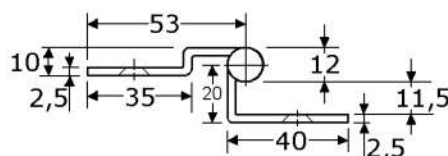

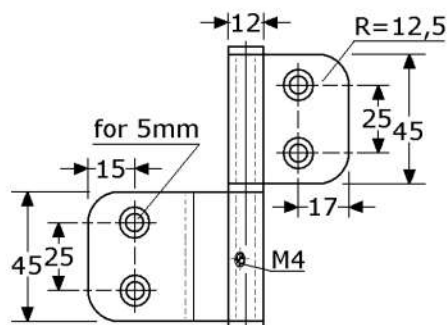

heavy duty lift-off rising hinges, highness 215mm
stainless steel 304/A2/1.4301 satin polished
for heavy duty offset doors, totally offset 35mm
for right hand (RH)
out of 3 pieces profile stainless steel 28,5x35mm
with each 1 hole for screw M10 or hexagon screw M8
all parts designed with black plastic
with black nylon rising mechanism, rising 8mm
with locked up pin stainless steel 304/A2 $\varnothing 9$ mm
automatical falling/selfclosing from 110° to 0°
maximum opening hook 180°
minimum door thickness 35mm
maximum door weight 80 Kg (2 hinges)
